

## **Didn't I**

OneRepublic

### **Chorus**

Didn't I, didn't I, didn't I love you?  
Didn't we, didn't we, didn't we fly?  
Know that I, know that I still care for you  
But didn't we, didn't we say goodbye?

### **Verse 1**

Swear that I saw your face  
At a coffee shop on 8th  
Or maybe it was in my mind  
And I swear that I heard your laugh  
From a person that walked past me  
At a party the other night

### **Pre Chorus**

Never thought we'd ever have to go without  
Take you over anybody else, hands down  
We're the type of melody that don't fade out  
Don't fade out, can't fade out

### **Repeat Chorus (x2)**

### **Verse 2**

Do you remember all those plans  
That we made after too many drinks  
In the kitchen of your brother's apartment?  
Where life was like a wishin' well  
4am and raisin' hell  
Damn, I knew you oh so well

### **Repeat Pre Chorus**

### **Repeat Chorus (x2)**

### **Middle 8**

We had our moments, didn't we? Oh  
So much that we will never be, oh

### **Repeat Chorus (x2)**
