

Call My Name

JP Cooper

Verse 1

Trust me, ain't got to be lonely, you ain't got to be lonely
Don't let it beat you, so many people just see, all the parts that are ugly
And it's bringing you to your knees,
Don't you surrender, I still remember
The nights so long, lay awake till the morning comes
Wishing I could just call someone I know

When you're so far down (so far down)
Feels like nobody's reaching out (reaching out)
Take a hold of these hands right now (hands right now) don't let go

Chorus

I hear you crying (Ooo) Broken like I've been (Ooo)
I feel your pain (Ooo) Just call my name (Ooooo)
Darling, next time you're falling (Ooo) Don't hide away (Ooo)
Just call my name

Hook (x2)

Oh, na-na-na, call my name
Just call out my name (call out my name)
Call my name, (name), don't be afraid

Verse 2

Can't sleep, only you and your heartbeat
Hiding under your bed sheets
Don't let it beat you so many people don't know all the power that they hold
Won't you let all those chains go?
Don't you surrender, I still remember, the nights so long
Lay awake till the morning comes, wishing I could just call someone I know

Repeat Chorus

Repeat Hook (x2)

Never have to feel alone (x4)
